

Peninsula Sports Medicine Group joins St Kilda Football Club's new Bay2Business Program

Peninsula Sports Medicine Group has recently joined the [St Kilda Football Club Bay2Business Program](#).

The Bay2Business Program is designed to connect local businesses through access to hospitality and networking events throughout the year.

“We have always had a long standing connection with the Saints” said Peninsula Sports Medicine Group Director, Lachlan Goodison.

“A number of our Physiotherapists have been involved with the club over the years. Currently, Physiotherapist – [Amy Decker](#), is working with the [Southern Saints](#) in preparation for their entry into the AFLW in 2020.”

“We would like to congratulate the Saints on their move back to Moorabbin. The facilities at RSEA Park are state of the art and will provide a significant boost to the local community and economy within St Kilda's homeland”.

The Saints are the most supported club along the bay. The Bay2Business Program will have a major focus on networking with other local business to establish new opportunities. Peninsula Sports Medicine Group look forward to working with these businesses to drive local economies and local jobs for the benefit of mutual growth.
